OCULUS Universal Trial Frame UB 4

Everyone who has anything to do with the prescription of eyeglasses has heard of OCULUS Universal Trial Frames.

Function

- Space for a total of 10 trial lenses of 38 mm diameter*
- PD range from 46 - 80 mm
- Adjustable temple tilt and length
- Smooth axis adjustment
- CVD scale

Ergonomics

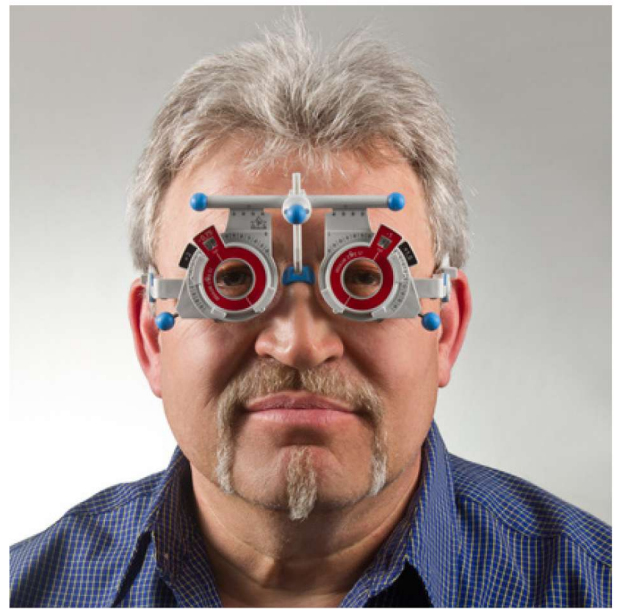

- Easy trial lens insertion
- Self-braking nose-bridge adjustment
- User-friendly controls in "soft design"

Comfort

- Operating controls are a good distance away from the patient's face
- Minimal pressure thanks to large rests and optimal weight distribution
- Closed frame temple design prevents hair from getting caught
- Flexible and anatomically adjustable mixed-material ear pieces

Material

- No lubricants needed
- Dermatologist recommended safe materials

Universal Trial Frame OCULUS UB 4 with optional reversible polarizer

Compatibility

- Compatible with DIN and BSI Standard trial lenses
- Slip-on polarizing filter with 2 settings (near/distance) available as an optional extra

Design

- Timeless, attractive design increases patient acceptance
- iF-Award winner
